GWS 18V-10 PROFESSIONAL: FURTHER INFORMATION

Product Highlights

High performance – the powerful GWS 18V-10 Professional small angle grinder is the right choice for increased tool control and safe operation on any worksite when cutting steel rebar, copper pipes, metal plates, welding spots, and metal structures. With 66% more power than previous models, this grinder's new 1,000 W brushless motor requires less maintenance and has a longer lifetime, delivering that extra push needed to get the job done. Part of the Bosch 18V system, this tool uses ProCORE18V = 8.0 Ah batteries to deliver maximum power, 30% longer runtimes. Experience the next level in safety with features like Drop Control, Fast Brake and KickBack Control for reliability on even the toughest jobs.

Equipment & Application

66% more power and 30% longer runtime on cutting and grinding than GWS 18V-LI thanks to the new brushless motor and ProCORE18V batteries performance optimization which helps deliver 1000W equivalent power. The electric protection features such as fast brake, kickback, restart protection, and Bosch unique drop control ensure the next level of safety awareness and tool control.
