GSH 500 PROFESSIONAL: FURTHER INFORMATION

Product Highlights

The new GSH 500 Professional demolition hammer is perfect for breaking and chiselling in concrete, stone, rock, and brickwork. It delivers great power coupled with a superior impact rate to offer high chipping output. Its large hammer pipe and improved impact system design makes the tool more effective during chiselling work. Meanwhile, the tool is equipped with a grease sealing ring to prevent leakage and a dust cap solution to make it dustproof. It also offers one-hand Vario-Lock design for 12 chisel bit position changing which helps you to work comfortably from any position.
